

Name: _____

Date: _____

Day 1 - Students will be able to multiply a whole number of up to three digits by a one-digit whole number, using strategies based on place value and the properties of operations.

Key Information:

- Hurricane Katrina had winds up to 175 mph and caused over \$100 billion in damage
- The rescue coordinator was able to secure 8 planes, each of which carried 248 rescue workers to Houston
- There were 9 buses that each took 107 rescue workers from Houston to New Orleans

Developing the Question: What are we trying to answer?
